

Bush Regenerators – Ingleburn, NSW

If you're ready to grow with a growing company, come and see if our people are your people.

ABOUT THE OPPORTUNITY

Eco Logical Australia (ELA) exists to empower people to make a difference. We pride ourselves as being Approachable Experts, who lead with science and technology to help our clients navigate complex projects, achieving the best possible outcome for them and the environment.

As an ELA bush regenerator, you will be involved in a wide variety of projects and environments across Western Sydney. The types of projects we undertake include rehabilitation of urban and infrastructure sites, and conservation areas such as council reserves.

You will work on projects that include weed control, revegetation and erosion control across a variety of vegetation communities and varying condition, providing a great opportunity to increase your knowledge of local native and weed species. The role is physically demanding, and involves daily use of brushcutters, chainsaws and backpack sprayers.

When you join our team, you'll get satisfaction from working in your outdoor 'office' and seeing bare development sites transformed into natural bushland over time.

ABOUT YOU

This role will allow you to combine your passion for bush regeneration with your enthusiasm to learn new skills to create great environmental outcomes.

To join our team, you will have:

- A passion for bush regeneration
- A love of outdoor work
- Practical, problem-solving skills
- An enthusiastic and helpful approach to your work, and your team
- An appropriate level of fitness to perform a physically demanding role
- Current drivers' licence
- A willingness to travel to sites located across mostly North-western and South-western Sydney and, on occasion, the Illawarra.

Desirable:

- Previous experience working as a bush regenerator
- Certificate II or III Conservation and Ecosystem Management
- White Card
- First Aid Certificate
- Chemical user accreditation (e.g. Chemcert)
- Experience using herbicide and herbicide equipment such as backpack, boom and high-volume sprayers
- Experience using powered equipment such as chainsaws, brush cutters and augers
- Experience and/or qualifications using bobcats, positracks, chippers, slashers and other agricultural machinery
- Manual drivers' licence, the ability to drive a 4WD and tow a trailer.

WE WILL OFFER YOU

We will discuss salary with you in person. In the meantime, you will be comforted to know we are Workplace Gender Equality Agency (WGEA) compliant, reviewing equality of pay across each role.

We have full time, part time and casual roles available.

Permanent employees can take advantage of a range of benefits including non-gendered, 12 weeks paid parental leave, birthday leave, inclement weather leave, and substitute public holidays. Check out our careers page for the full list of benefits.

NEXT STEPS

If you're an Australian citizen, resident, or have permanent working rights, a hard worker and you're looking for a role where you can positively contribute to the revegetation of our project sites, we would love to hear from you.

Please forward your application, telling us a bit about who you are, and why you'd be an awesome addition to our team to our People and Culture team via recruitment@ecoaus.com.au.

Closing date: 10 January 2025

If you would like more detail about the role please contact Russ Eagles, Senior Team Leader, on 0456 592 386.

Please note: Eco Logical Australia offices will be closed from 5pm, 20 December 2024 and will re-open Monday 6 January 2025. All applications will be assessed after the advert close date of 10 January.

We look forward to meeting you!
